MEMORANDUM FOR THE RECORD

4 December 1953

25X1A SUBJECT: 250 KW Generator [redacted]

25X1A

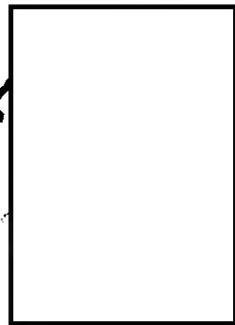

1. [redacted] called yesterday to report the fact that the 250 KW

25X1A Generator [redacted] has been out of service for approximately two weeks  
due to a faulty base. Working with Communications there has been installed  
a temporary replacement of 60 KW capacity which is only enough to meet present  
needs.

2. In order to meet anticipated emergency needs, [redacted] has 25X1A  
tried to get Communications to install another 60 KW in parallel to augment  
the capacity. Also he has been needling Logistics to take the necessary action  
to get the 250 KW back into operation. He indicated there is nothing this  
Office could do to assist at this time but simply wanted to report the facts.
